

## **FEE-BASED RENTAL POLICY**

Original policy approved by MORE Directors Council, 11-21-2008

Revised by MORE Directors Council, 1-23-2015

MORE libraries may have fee-based Rental Collections.

Rental Collections must adhere to, at minimum, a 1:1 ratio of free circulation to rental items. This ratio may not include any items purchased with MORE Collection Development Funds.

There are no holds on any rental items. Rental items are not renewable. Libraries may set their own loan rules for their rental collections. MORE will use the Immediate Rental Charge; the rental fee is added to the patron record at the time of checkout so the fee can be collected at that time.

Each library must follow the coding requirements to support access to the Rental Feature of the software.
