

## ART CART 2020

- Flag/Banner Art  
Supplies Needed: Tyvek envelopes pre-cut into triangles, straws, tape, markers, stickers  
Directions: Decorate Tyvek flags using markers and stickers. Use the straw as a stick for your flag. If the flag has its own adhesive, use that to attach the straw. If no adhesive, use tape to attach the straw.
- Chalk Art  
Supplies Needed: colored chalk, black paper  
Directions: Create masterpieces on black paper or sidewalk using the colored chalk.
- Solar Art  
Supplies Needed: natural pieces (grass, flowers, etc) solar paper, envelopes, water  
Directions: Gather some natural decorations (grass, flowers, leaves, etc). **In the shade**, take out the solar paper—blue side up-- and place in clear envelope. Then place natural decoration on paper and expose to the sun for 1-5 minutes (until paper turns light blue). Place paper in water tray for one minute. Then dry and flatten.
- Salad Spinner Art  
Supplies Needed: Small paper plates, salad spinner, paint bottles, paint  
Directions: Put paper plate in upside down into salad spinner. Add a few drops of paint, less is more, and push down on SS to spin it a few times.
- Bingo Dauber Art  
Supplies Needed: Bingo daubers, stencils, tape, paper, maps  
Directions: Use bingo daubers and stencils/tape (if wanted) to stamp pictures on paper or maps. Lift off tape/stencils to reveal the picture.
- Bubble Art  
Supplies Needed: Paper straws, cardstock, bubble solution, bubble wands, small cups, watercolors  
Directions: Pour a bit of bubble solution (2 teaspoons) and a little watercolor (1 teaspoon) into a small cup. Then hand a straw to child and have them blow bubbles to make a bubble-y top to their cup. Then have them lightly press the cardstock onto the bubbles to make a print.  
Other version: Make the same mix as above in a small cup and have them dip their bubble wand into the solution. Aim the wand at the paper and have them blow colored bubbles directly onto the cardstock.
