

ILL System Delivery Hub Abbreviations (ILL Paging Slips)

Please note:

- These abbreviations are found in the **NOTE field on IFLS ILL paging slips**.
- Library staff should reference these abbreviations when filling out the pink out-of-system courier flags, **in addition to consulting the SCLS Delivery Network List** (see link below).
- Library staff should **write the correct “System Delivery Hub” name in full on the “Route to” line of pink out-of-system courier flags** (see example link below).
- If the NOTE field indicates “(PLEASE MAIL),” this means the borrowing library does not participate in the Wisconsin Libraries’ Delivery Network. Therefore, the item should be mailed via USPS instead.

1. Bridges: **BR**
